

**Name**

Joao Mapurunga

**Program**

General English

**Nationality**

Brazilian

I have twice been to New Zealand to study English. I really like Auckland and I also loved the time I spent in the South Island, especially Queenstown.

New Zealand is a very beautiful country and here we can travel around the North and South Islands easily. It's a multicultural country so here we can see different cultures and enjoy their lifestyles. Also, I love the different kinds of food that we can eat here. We can enjoy Indian, Chinese, Japanese, Thai, Korean, Italian, Mexican, Brazilian food, and many others.

I really like the environment in New Zealand. Auckland is an amazing place to come to learn English. People here are very friendly and they love helping me to improve my English.

Crown is a very good school. In Crown's Self Access Centre I can watch movies, read books, newspapers, magazines, listen to tapes and there's always a teacher available to assist me. The teachers are very friendly and I can also make friends from many countries such as Saudi Arabia, Korea, Japan, China, Germany, Mexico, Colombia, Switzerland and also Brazil! I always have great support from the Crown staff when I need it and also I love to spend time with my host family and my friends.
